

Dear High School Priestly Administrators, Principals, Catechetical Leaders, Religion Department Chairpersons, Religion Teachers and CCD High School Catechists:

Midwest Theological Forum is providing textbooks that set out clearly and precisely the teachings of the Catholic Church through printed medium and digital platforms. For this reason, Midwest Theological Forum is announcing that the *Didache Semester Series* titles are now available as:

- A PDF eBook that is compatible with all iOS devices, Android tablets, and PC and Mac computers.
- An iBook for Apple's iPad

All of the available PDF eBooks for the *Didache Semester Series* can be purchased or rented from their eBook website.

Here is a breakdown of the different bundle options:

Added Benefits Exclusively for Schools Complimentary Teacher's Manual

- For every order of twenty-five (25) PDF eBooks of one specific title, the school will be eligible to receive a corresponding Teacher's Manual free-of-charge upon your request. This is offered for both rentals and purchases of PDF eBooks.

Bulk eBook rentals/purchases

- If a school wishes to purchase or rent the eBooks in bulk for their students, MTF will invoice the school directly and then provide a set of unique coupon codes for their students. This way, each student can individually login and redeem the coupon code for the selected eBook (rental or purchase), during the online checkout.

Bundle packages

- If a school needs to implement both the eBooks and the textbooks at the same time, MTF will offer bundle packages to suit those needs. MTF only requires that a school place at minimum, an order of 15 bundles to qualify for a bundle price.
- The bundle option only applies to eBook rentals. There is no option to bundle purchases and textbooks. The price to purchase a single PDF eBook is \$26.00.
- Each high school is responsible for ordering their own books, and its implementation.

Didache Resources for the student and teacher

- MTF has created a Resource section on their website. It houses PowerPoint presentations and Vocabulary Reviews for every title in the Didache Series. These files are accessible for both teacher and student by going to the following website:
<http://www.theologicalforum.org/ResourceSubcategory.aspx?rc=4>
- PowerPoint presentations and Vocabulary reviews for all titles currently available are also on this page. Simply click on a specific cover image to view the PowerPoint and Vocabulary Review for that title.
- Also, the link below is to the website page which outlines digital options and pricing for the Didache Semester Series: <http://www.theologicalforum.org/ebooks.aspx>
- MTF has also created a *Didache Series Teacher Resource* section specifically for school teachers. This section will require an authorized login in order to access its contents.

Lastly, administrators of individual high schools should communicate with MTF about review copies and MTF will send the review copies of the eight framework titles currently available to your respective individual schools.
